

## Tracking & Label Printing Software

Our software products help you manage your records and folders. The printing systems increase file room efficiency by speeding up the file creation process.

The records management software enables your organization to know where all of your records are at all times. Our imaging systems help your organization scan and view your documents electronically.

## Labeling Systems

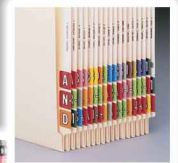

Our labels enable you to color code and organize all of your files for faster retrieval and easy purging. Some labels help you easily identify specific documents or files for specific actions.
